

A Big Thanks from the team at ELMS to all the Staff and Students at Shuttleworth College for the kind donation of visors for use by our clinicians and the cards and letters from your students, which are greatly appreciated by all at ELMS - we will share them out to all at ELMS and are happy to show just a few of the cards below.

Shuttleworth College are doing their bit to help its community and front line staff by creating visors and other PPE equipment to donate to health and social care and providing necessities for frontline key workers. To help with their fundraising go to their fund raising page at:
